

CLE Credit Information

This webinar has been presumptively approved for 1.0 CLE credit hours in the following states: California, Illinois, New York and Pennsylvania.

In order to receive CLE credit each attorney must log-in using their email address and confirmation number provided during registration.

Please note: As per the guidelines and requirements set forth in various states and organizations, that attendance is tracked to ensure attendees have participated for at least 60 minutes, provided responses to polling questions and completed the course evaluation.

CLE Certificates are now generated immediately at the end of the webinar. Once you have answered ALL CLE polling questions and completed the course evaluation that is required by the State Bar, you will have the option to download your certificate at the end of the webinar or you can log back in at a later time to print.

If you have any questions about CLE credit in additional jurisdictions, please email us at:
